

CREVASSE

COLLECTION

Taking cues from the structural shifts in nature, the CREVASSE collection embodies the striking beauty of glacial fractures - where ice splits and shifts, revealing carved depth, movement, and contrast. Here, timber tells a story of transformation - just as glaciers chisel their path through time, shaping landscapes with every shift.

Crafted fabrication from rich, sustainable timber, each table mirrors the organic unpredictability of a crevasse, with bold lines, deep contours and fluid transitions that honour the ever-evolving landscape of the natural world.

Designed for those who appreciate the interplay of strength and elegance, CREVASSE fuses raw materiality with exacting craftsmanship. Whether in a sculptural dining table, a statement boardroom, bar height wine tables, or a refined low table centre piece, the collection brings the essence of nature's dynamism into a space.

CREVASSE is made to order in a range of heights as tables, coffee tables, counter benches and high bar tables, offered in a range of rectangular sizes & heights.By project request, custom extended sizes can be made to any length, and power /data can be integrated into tabletops.

CARE INSTRUCTIONS:

- Dust and wipe timber frames with a soft, damp cloth.
- Avoid areas with heat, direct sunlight and moisture fluctuating temperatures.
- Didier recommends always reading the label of any cleaning products and not using cleaning agents containing abrasives or solvents.

ENVIRONMENTAL STATEMENT:

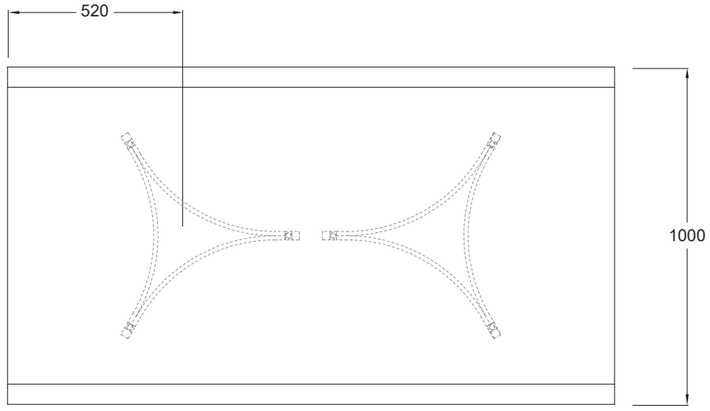

At Didier, we believe good design should enhance life without costing the earth. Our work is rooted in responsibility - sourcing sustainable materials, minimising waste in production and collaborating closely with skilled makers, prioritising ethical supply chains. We design for longevity, creating enduring pieces that stand the test of time. To us, sustainability is not a trend, but a guiding principle, that is woven into every stage of our artistic process and every original idea we bring to life.
