Recycled materials: Maximum use of materials to eliminate waste and minimize residues. Use of recyclable materials and recycled materials in components that do not affect functionality and durability. **Production:** Maximum optimization of energy use. Minimum environmental impact. State-of-the-art technological systems. Zero wastewater discharge. VOC-free coatings. Processes free of heavy metals, phosphates, OC and COD. **Transport:** Dismountable systems. Volumes that facilitate space optimization. Maximum reduction of energy consumption for transport. **Use:** Quality and guarantee. Long useful life. Possibility of substitution and replacement of elements. **Disposal:** Waste reduction. Reuse system of supplier-manufacturer packaging. Easy separation of components. Solvent-free water-based printing inks on packaging.

Regulations & EPD

Noom 60 has passed the tests carried out in our laboratory and the tests performed at the Instituto Tecnológico del Mueble (AIDIMME) corresponding to the standards:

Regulations	Description
UNE-EN 16139:2013vc2015	Furniture. Strength, durability and safety. Requirements for non-domestic seating.

Certificates

The different programs allow points to be obtained in different environmental categories, referring to sustainable plots, materials and resources, efficiency in water, energy and atmosphere, indoor environmental quality and innovation and design, which are applied to a building in order to obtain LEED certification.

Stylish and comfortable office seating with a pleasant design

In new workspaces, the furniture becomes the tool capable of offering a world of possibilities. Workplaces aspire to be more than accumulators of tasks and people, seeking to be a meeting point for creativity and talent. Noom is warm and comfortable. A chair for any time of day.

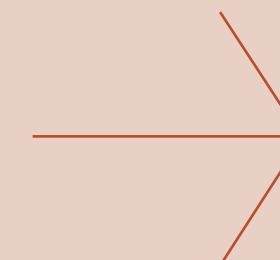

En los nuevos espacios de trabajo, el mueble se convierte en la herramienta capaz de ofrecer un mundo de posibilidades. Los lugares de trabajo aspiran a ser más que acumuladores de tareas y personas, buscan ser punto de encuentro, de creatividad y de talento. Noom es cálida y confortable. Una butaca para cada momento del día.

Marcelo Alegre

“Noom fusiona tapicería artesanal con tecnologías de patronaje y costuras en 3D. Crea una geometría inédita a partir de un diseño suave y transversal capaz de generar sensaciones nuevas en todo tipo de espacios. Además, Noom marca un salto tecnológico en cuanto a tapicería de mobiliario”, según Alegre Design.

Diseño: Alegre Design

“Noom allie le capitonnage artisanal aux technologies de modélisme et de coutures en 3D. Il crée une géométrie novatrice à partir d’un modèle doux et transversal, qui permet de générer des sensations nouvelles dans divers espaces. D’autre part, avec Noom c’est un saut technologique qui est réalisé en matière de capitonnage de mobilier”, selon Alegre Design.

Design: Alegre Design

“Noom vereint handgefertigte Polstermöbel mit 3D-Schnitt- und Nähtechnologien. Es erzeugt eine beispiellose Geometrie aus einem sanften und transversalen Design, das in der Lage ist, neue Empfindungen in allen Arten von Räumen zu erzeugen. Darüber hinaus markiert Noom einen Technologiesprung in Sachen Möbelbezügen”, so Alegre Design.

Design: Alegre Design

“Noom not only provides comfort, but it also personalises and customises each space, as well as providing new sensations from its touch as well as a high level of well-being...”

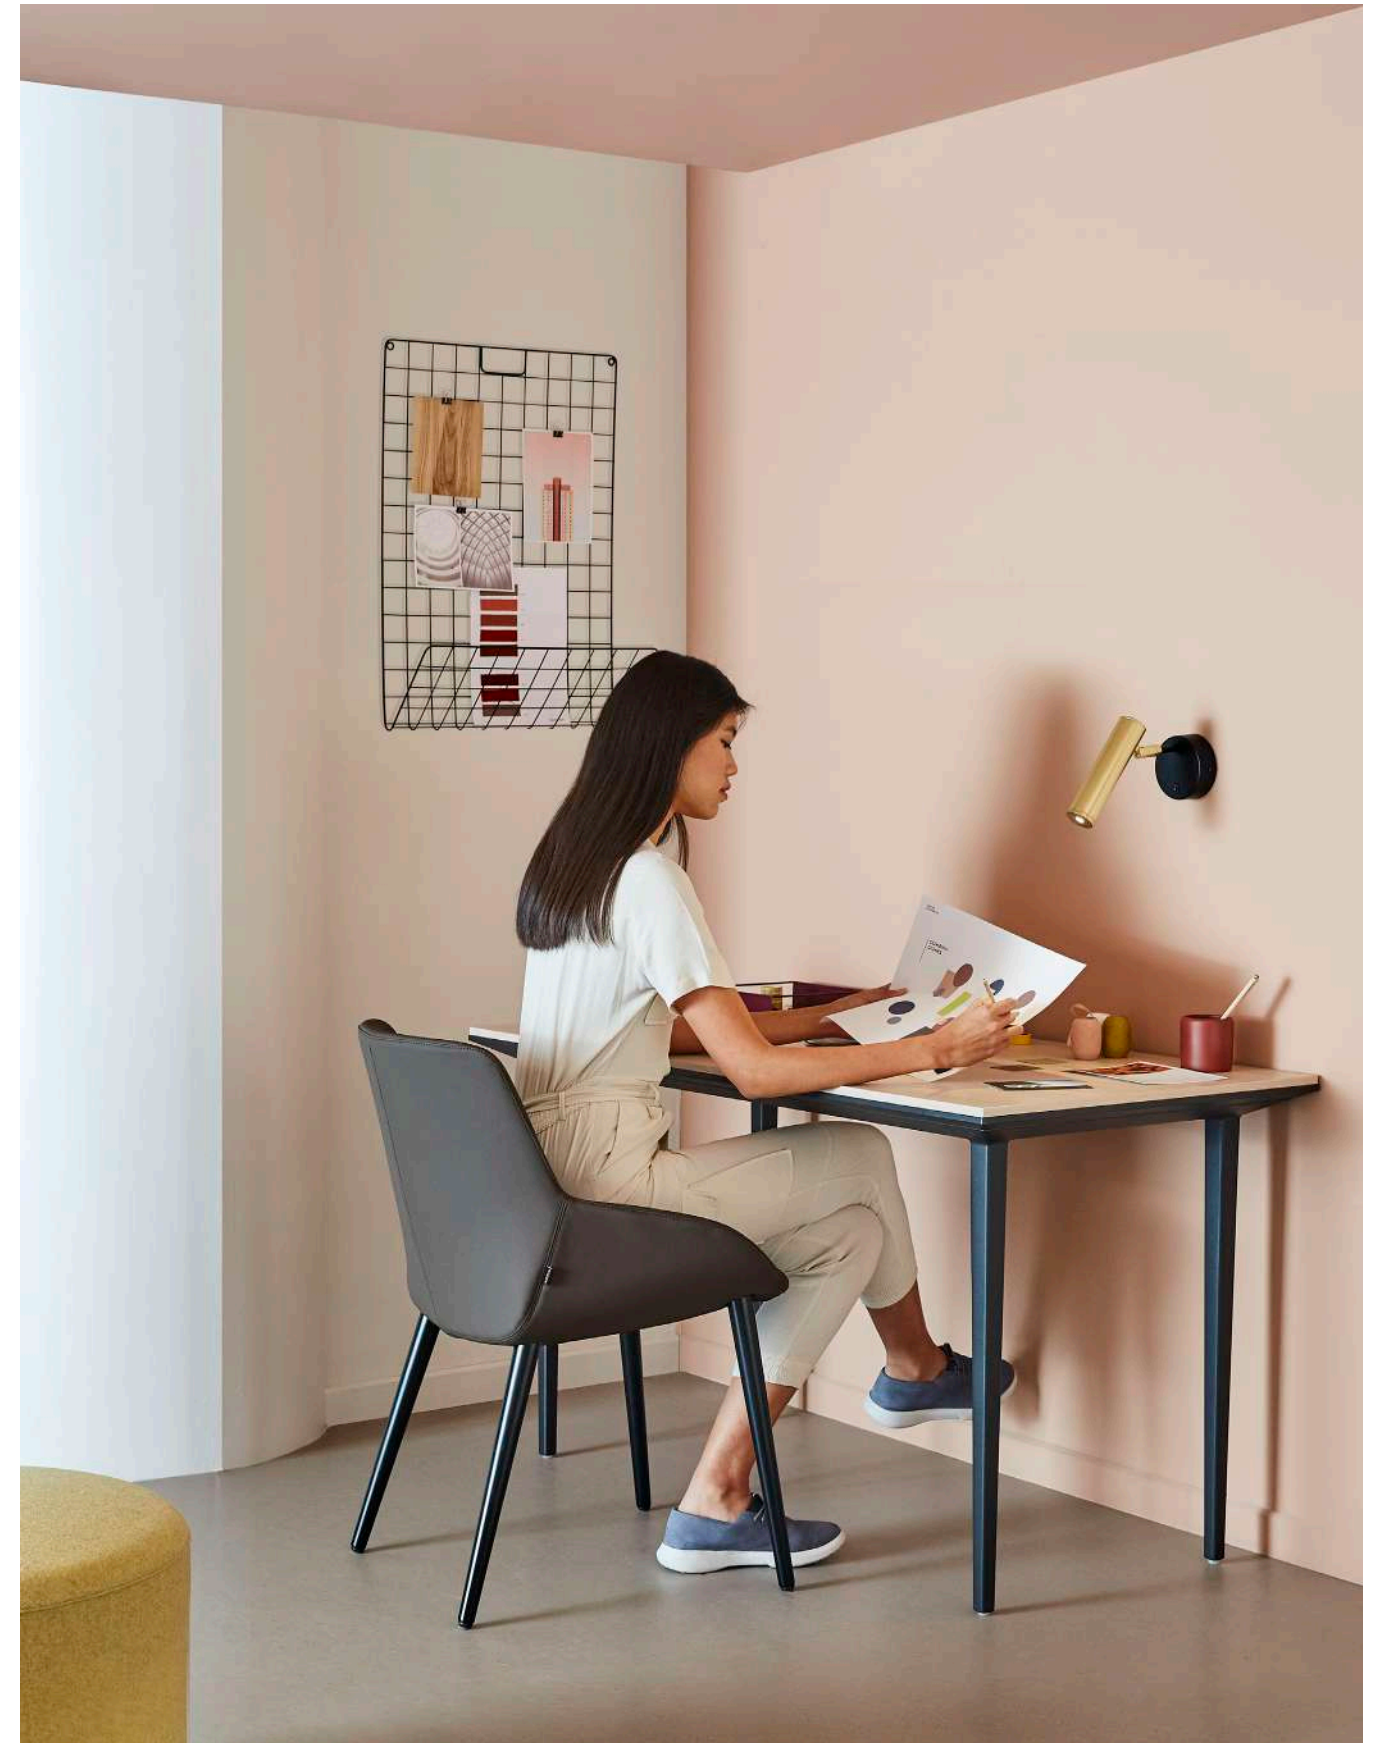

Ideas flow better in welcoming environments. The warmth and serenity that Noom's materials transmit favor a sense of team, the proximity between colleagues, the consensual solutions and the shared tasks.

Las ideas fluyen mejor en ambientes acogedores. La calidez y serenidad que transmiten los materiales de Noom favorecen el sentimiento de equipo, la proximidad entre compañeros, las soluciones consensuadas y las tareas compartidas.

Les idées s'épanouissent mieux dans des environnements accueillants. La chaleur et la sérénité que communiquent les matières composant Noom encouragent le sentiment d'appartenir à une équipe, la proximité entre collègues, les solutions consensuelles et les tâches partagées.

Ideen florieren am besten in gemütlichen Umgebungen. Die Wärme und Ausgeglichenheit, die die Materialien von Noom vermitteln, fördern ein Gefühl der Teamarbeit, Nähe zwischen den Kollegen, konsensorientierte Lösungen und gemeinsame Aufgaben.

TECHNICAL FEATURES

Información técnica

Noom is born from a frame with a smooth shape that serves as a starting point to create hundreds of different personalities, capable of fitting into any space and time. Wood, metal, upholstery, aluminium and high-density polyurethane are combined to create products that are both durable and welcoming at the same time.

Noom nace de una carcasa de silueta suave que sirve de punto de partida para crear cientos de personalidades diferentes, capaces de encajar en cualquier espacio y momento. Madera, metal, tapizado, aluminio y poliuretano de alta densidad se conjugan para crear productos muy perdurables y acogedores al mismo tiempo.

Noom naît d'une silhouette élégante, point de départ à la création de centaines de personnalités différentes, capables de s'intégrer à n'importe quel espace, peu importe le temps. Le bois, le métal, le tissu, l'aluminium et le polyuréthane haute densité s'associent pour créer des produits à la fois chaleureux et avec une longue durée de vie.

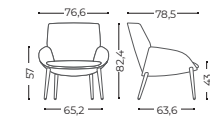

Noom entsteht aus einem weichen Silhouettengehäuse, das als Ausgangspunkt für die Schaffung Hunderter verschiedener Persönlichkeiten dient, die sich in jeden Raum und jede Zeit einfügen können. Holz, Metall, Polsterung, Aluminium und hochverdichtetes Polyurethan verbinden sich zu Produkten, die langlebig und gleichzeitig auch einladend sind.
