Pitstop

Chair

Leading workplace furniture brand UFOU represents the core values many organisations strive for: innovation, sustainability, diversity, and inclusion.

Facilitating the rapid cross-border movement of European, Scandinavian, and Asia-Pacific design, UFOU's collection is a melting pot of cultural diversity that showcases a perfect fusion of East/West principles, manufacturing prowess, design thinking, and innovation brought together to create products that enhance and inspire a better life.

This core proposition inspires UFOU to blend progressive international design, local cultures, and global influences, resulting in a complex tapestry of design and manufacturing techniques that appeal to modern and sustainable thinking.

HOW.

Providing a compact and private oasis for focused conversations or important calls Pitstop's discreet design seamlessly integrates into any environment, offering a much needed haven of tranquillity.

Discreet Footprint

The phone pod's compact size allows it to fit in even the most high density of work spaces, without disrupting the overall flow and layout.

Flexibility

Pitstop's modular design allows for easy integration into various office layouts, making it a versatile solution. The pod base fixed with levelling glider and heavy loading castor for ease of relocation.

Improved Ambiance

The sleek and modern design of the phone pod enhances the overall aesthetic of the office, contributing to a more professional and inspiring atmosphere.

Visual Privacy

The booth's glass walls and door provide a sense of seclusion, allowing users to engage in conversations without distracting their colleagues.

Personalised Branding

Customisable exterior panels and finishes enable users to personalise the pod to align with their brand identity and design aesthetics.

Smarter Use Of Space

The phone pod's integration into the open office layout encourages employees to step away for private conversations, freeing up shared spaces for collaborative work.

Acoustic Comfort

Innovative soundproofing ensure that conversations remain private, reducing noise and distractions in the open office environment.

High Performance Sound Absorption

High-performance sound absorbing panels line the interior walls, effectively blocking external noise and creating a tranquil environment.

Ventilation Control

The pod's ventilation system operates at low speeds, minimizing any disruptive fan noise.

Noise Reduction

The phone pod's soundproofing capabilities help to create a more peaceful and productive work environment by minimizing disruptive noises.

Improved Wellbeing

By providing a quiet space for relaxation and rejuvenation, the phone pod helps to reduce stress and improve employees' overall mental and physical well-being.

Increased Productivity

The phone pod's distraction-free environment allows employees to concentrate on their tasks, resulting in higher productivity and better work outcomes.

Pitstop

By eliminating external noise and visual distractions, Pitstop enables users to maintain their focus and engage in deeper, more meaningful work or fostering productive discussions and effective collaboration.

Pitstop is available as a 1 person pod, 2 person pod or 4 person pod.
