

## Uc

By HOW.

The U-Series lounge chair collection brings the comfort and aesthetic of a residence to the office. The collection has a variety of styles, chair bases and material options, and cushions for supported comfort. The UC lounge is inspired by the shape of a playground swing, with the goal of bringing that same carefree mindset to the office. UC features a classic design that fits almost any design aesthetic. The frame is metal, with the interior seat area and arm pads covered in your choice of faux leather, covered by a tufted cushion in your choice of fabrics.
